

# OMHA Initiation Program

## Certified Programs

Hockey Canada developed the **Initiation Program** to make children's first contact with hockey a safe and positive experience. It's a structured, learn to play hockey program designed to introduce beginners to the game's basic skills. The Initiation Program encourages the growth of foundational skills for the young player in the sport and continues to be the **foundation of skill development and fun** for our young hockey players.

The following centres have successfully administered the Initiation Program in their associations the OMHA recognizes their on-going commitment to 'Developing Skills First'.

Is your centre running the Initiation Program for your players? For more information on this program or to have your program certified, visit [www.omha.net](http://www.omha.net)
